KNOW YOUR FOAM

PRODUCT FOAM TYPE (EXCLUSIVE)

Feather Blend Seating:

Introducing our double-sided seating, creating a cloud like experience, showcasing a 2-inch core made of 1.8 density foam. Embraced by a jacket composed of a down fiber blend and equipped with baffles to minimize the migration of the feather blend fill, this seating promises a luxuriously soft feel—inviting you to sink into comfort rather than merely sitting on it.

KNOW YOUR FOAM

PRODUCT FOAM TYPE (EXCLUSIVE)

Millennium Seating:

This 2.0 density foam cushion features a double-sided design, renowned for its superior firmness and support in comparison to lower density alternatives. It offers a robust and stable foundation for seating, delivering comfort while ensuring long-lasting shape and support. The foam is enveloped in a blended feather down jacket with two integrated baffles, and the overall cushion width measures 9 inches, making it our top-tier, premium cushion.

High Resiliency(HR):

HR foam is meticulously engineered to exhibit superior resilience, swiftly recovering its shape after compression. This specialized foam is crafted for heightened durability, thanks to its higher density that enables it to withstand extended periods of use effectively. Its open-cell structure promotes increased airflow and breathability. Additionally, this cushion boasts a density of 1.8 and is enveloped in a standard 3 oz fiber wrap.

* *Please see more High Resiliency UPH marked with the label:* HR

PRODUCT FOAM TYPE (EXCLUSIVE)

Standard Seating:

Our standard-density option strikes an optimal balance between affordability and performance. The cushions are enveloped on both sides with 3 oz fiber and crafted from 1.8 density foam, effectively distributing weight while enhancing comfort. This choice achieves a harmonious blend of firmness and comfort, making it a preferred option for individuals seeking supportive foam with a moderate level of softness.

KNOW YOUR FABRIC

PRODUCT FABRIC TYPE

NEXT-GEN nuvella® PERFORMANCE FABRIC

** Please see more Nuvella fabric UPH marked with the label:* nuvella

Next-Gen Nuvella is a solution-dyed performance fabric that offers high UV resistance and durability for high-traffic areas. Next-Gen Nuvella performance fabrics may be bleached and cleaned. Some Next-Gen Nuvella slipcovers may be removable for machine washing and drying. Please read the cleaning instructions for more information.

UV Resistance

Exceeds industry standards for lightfastness by 10x. (Standard fabric lightfastness is 40 hours.)

Low Crocking

Exceeds applicable AATCC 8 Voluntary Wet & Dry Crocking standards.

High Abrasion

Minimum of 15,000 double rubs, exceeding heavy duty rating. (ASTM 4157 test method)

Flammability

Expected to meet California Technical Bulletin 117 smolder and open flame test.

Stain-Resistant

Solution-dyed fabric is stain-resistant without additional chemicals due to the full color penetration in the yarn manufacturing process.

ADVANTAGES OF LEATHER

*Please see more Leather UPH marked with the label: Leather

COMFORT

Leather is a natural material. It conforms to your body shape & temperature and becomes even more comfortable with use. Leather adapts to the temperature in the room, making it comfortable during the heat of the summer and the cool of winter. Leather becomes more supple as it ages, increasing its coziness.

CLEANABILITY

Leather has tight, strong fibers that prevent the penetration of dust, lint, animal hairs and other allergens. Dusting regularly and wiping spills with a soft, slightly damp cloth will prolong the life of leather furniture.

FLAME RESISTANCE

Leather is naturally flame resistant and will not easily burn or melt.

DURABILITY

Leather is one of the strongest upholstery materials in existence. Its strength, elasticity, and tear resistance are legendary!

UNIQUENESS

Made from real animal hide, leather is unique. No two hides are alike! Each comes with its own distinctive markings and characteristics, which makes each furniture piece truly one-of-a-kind.

Descriptions:

- "Left-arm" and "right-arm" describe the position of the arm when you face the piece
- Modular pieces can float anywhere; sides are finished (with no connectors)
- Corner-blocked frame
- Loose back cushions; attached seat cushions
- Feather-fiber blend cushion
- Arm bolster pillows included
- 100% top grain leather covers inside areas such as the back, seat and arm cushions; skillfully matched faux leather covers the remaining areas
- Due to its natural origin, real leather can show individual characteristics such as healed scars, growth marks, grain variation and shade variation
- Natural variations make each hide unique and do not detract from the wearing qualities of leather
- Non-skid legs
- Platform foundation system resists sagging 3x better than spring system after 20,000 testing cycles by providing more even support
- Smooth platform foundation maintains tight, wrinkle-free look without dips or sags that can occur over time with sinuous spring foundations
- Estimated Assembly Time: 15 Minutes

Descriptions:

- "Left-arm" and "right-arm" describe the position of the arm when you face the piece
- Modular pieces can float anywhere in a room setting; sides are finished (with no connectors)
- Corner-blocked frame
- Loose seat and reversible back cushions
- High-quality foam cushions wrapped in poly fiber
- 100% top grain leather covers inside areas such as the back, seat and arm cushions; skillfully matched faux leather covers the remaining areas
- Due to its natural origin, real leather can show individual characteristics such as healed scars, growth marks, grain variation and shade variation
- Natural variations make each hide unique and do not detract from the wearing qualities of leather
- Non-skid, low-profile accent legs with faux wood finish
- Platform foundation system resists sagging 3x better than spring system after 20,000 testing cycles by providing more even support
- Smooth platform foundation maintains tight, wrinkle-free look without dips or sags that can occur over time with sinuous spring foundations
- Estimated Assembly Time: 10 Minutes

Leather

Descriptions:

- Corner-blocked frame
- Loose, non-reversible seat cushions; attached back cushions
- High-quality foam cushions wrapped in poly fiber
- 100% top grain leather covers inside areas such as the back, seat and arm cushions; skillfully matched faux leather covers the remaining areas
- Due to its natural origin, real leather can show individual characteristics such as healed scars, growth marks, grain variation and shade variation
- Natural variations make each hide unique and do not detract from the wearing qualities of leather
- Low-profile ACCENTS legs with faux wood finish
- Platform foundation system resists sagging 3x better than spring system after 20,000 testing cycles by providing more even support
- Smooth platform foundation maintains tight, wrinkle-free look without dips or sags that can occur over time with sinuous spring foundations
- Estimated Assembly Time: 10 Minutes

Descriptions:

- Corner-blocked frame
- Attached back and loose seat cushions
- High-resiliency foam cushions wrapped in poly fiber
- 100% top grain leather covers inside areas such as the back, seat and arm cushions; skillfully matched faux leather covers the remaining areas
- Due to its natural origin, real leather can show individual characteristics such as healed scars, growth marks, grain variation and shade variation
- Natural variations make each hide unique and do not detract from the wearing qualities of leather
- Exposed feet and wraparound base with faux wood finish
- Platform foundation system resists sagging 3x better than spring system after 20,000 testing cycles by providing more even support
- Smooth platform foundation maintains tight, wrinkle-free look without dips or sags that can occur over time with sinuous spring foundations

•Versatile modular pieces fit together in a variety of configurations
•One-touch power control with adjustable positions, Easy View™ adjustable headrest and zero-draw USB-A and USB-C ports; zero-draw technology only consumes power when the USB receptacle is in use
•Zero-gravity mechanism allows optimum reclining comfort with infinite reclining positions at the touch of a button
•Corner-blocked frame with metal reinforced seat; attached cushions; high-quality foam cushions wrapped in poly fiber
•100% top grain leather covers inside areas such as the back, seat and arm cushions; skillfully matched faux leather covers the remaining areas
•Due to its natural origin, real leather can show individual characteristics such as healed scars, growth marks, grain variation and shade variation; natural variations make each hide unique and do not detract from the wearing qualities of leather
•Zero wall recliner design requires minimal space between wall and chair back
•Zero gap mechanism maintains consistent lower back and lumbar support throughout every stage of reclining for the ultimate relaxation experience
•Heat in the seat element (with automatic 30-minute shutoff feature); air massage system includes 3 settings: steady, pulse and wave (with automatic 20-minute shutoff feature)
•Console with hidden storage; hidden 2-stage cup holder converts to a flat surface for coffee mugs

BEST ADJ BASE WITH LUMBAR AND AUDIO M5X5

ASHLEY SLEEP

Bedtime becomes the best time with the customizable comfort of this adjustable base. Whether you're reading before bed or aiming to reduce snoring, the adjustable head, foot and lumbar positions allow you to find the perfect position. Do soothing sounds help you slumber? The built-in speaker system caters to your audio needs. The base's motion-activated lighting makes it easy to navigate back to bed in the dark. And you can control it all without getting up, thanks to mobile app compatibility and a wireless remote.

FOUNDATION M91X

ASHLEY SLEEP

Behold the newest foundation of comfort. This mattress riser is an all-in-one support system that takes the place of an ordinary bed frame and box spring. The metal unit sets up quickly and without using any tools, creates a sleep haven with unwavering support. Included brackets attach the riser to a headboard. Even better: the clearance from frame to floor is incredibly spacious and ideal for under-bed storage.
